

OLD COLLEGIANS

IN THE

USA

HOSTED BY HEAD OF ADVANCEMENT, PETER FRANKS
ON BEHALF OF BBC HEADMASTER, PAUL BROWN

Calling all North American based Old Collegians,
you are invited to attend

OLD COLLEGIANS IN THE USA

The College is seeking to establish a BBC USA Ambassador group through the development of an OCA network in the USA for Old Boys.

The network aims to develop and foster links between Old Collegians and other Australian ex-pats residing in North America, in addition to anyone connected to BBC who regularly travels to the US for business or pleasure.

Events on the West and East coasts occur every two years in association with the Australian Independent Schools USA Foundation (www.aisausafoundation.com).

This affiliation enables each school's Old Boy network to be broadened through the 27 member schools. Whilst BBC is not currently an affiliate, we will be seeking full membership in the near future.

Whilst there is a fundraising aspect to this event, you will not be asked to make a gift. However, we hope that you will take away the material provided for future consideration. For planning purposes, please indicate your attendance as soon as possible directly to Mr Peter Franks via pfranks@bbc.qld.edu.au

Yours sincerely,

Mr Paul Brown
Headmaster

Mr Peter Franks
Head of Advancement
